Article 15 of the GDPR specifies the right of data subjects to access their own data easily.

Cogniti makes it easy for you to access your own data that the system has stored from your interactions with it. To access this data:

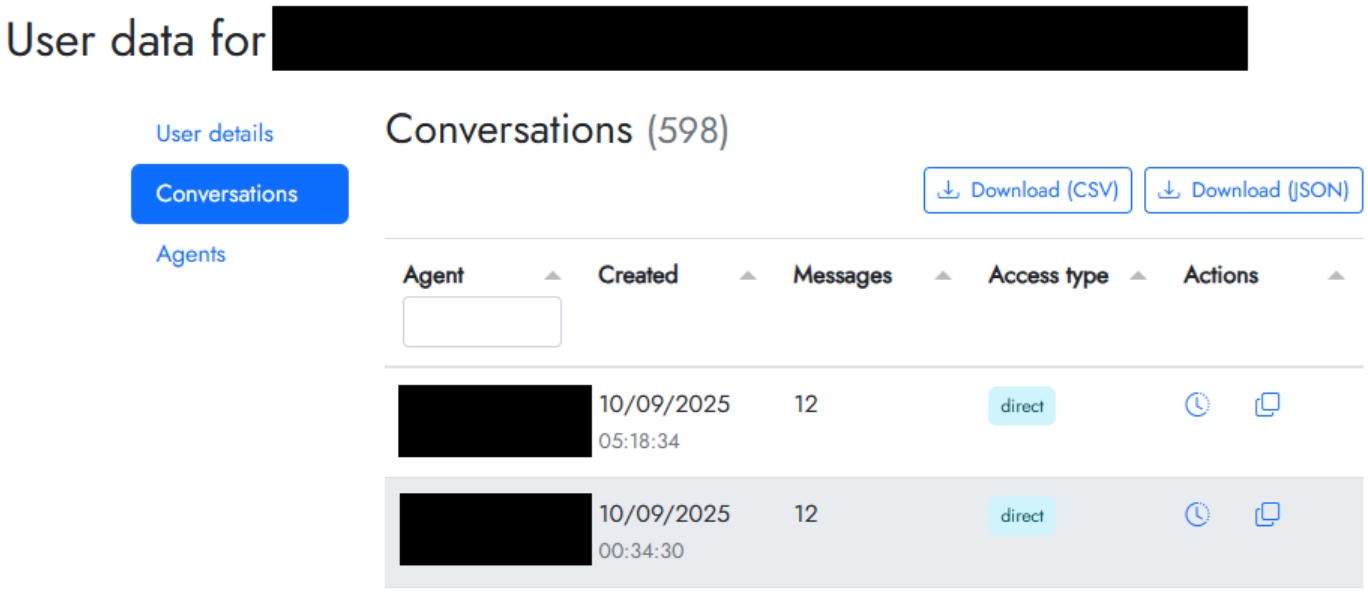

- Click the Users icon in the menu

- In the Actions column, click the database icon to access your data. If you wish to change your user details, you can click the pencil icon.

- A page will appear that shows the data the system holds about you.

- You can also use the *Download* buttons to export your data and store it yourself.
